----------------	---------------

Instructions:

- **If submitting more than 1 video cassette**, clearly number each cassette.
- **Reset your counter** on your camcorder or VCR to Zero when determining the start and stop points on the video.
- **Some machines show** hours, minutes, seconds and frames and others show only hours, minutes and seconds. It is only necessary to write down the hour, minute and seconds on the project planner.
- **Time code Example:** 01:23:33:12 (one hour 23 minutes 33 seconds and 12 frames)
- **If these video segments are to be inserted** between photo and other materials in a collage, please write the necessary information in the comments field so that we place it correctly into the project.

This is an example of how the video planner should be filled out:
